

Resona 7

Ultrasound System

Platinum Edition

Ultrasound Technology as Precious as Platinum

To address the changing needs of today's value-based care environment, the Resona 7 Ultrasound System Platinum Edition was developed to capture clear, uniform images for radiology, vascular, women's health, pediatric, and shared service imaging applications. Premium imaging coupled with advanced workflow technologies help ease clinicians' increasing workload by offering intuitive and easy-to-use smart tools and AI-enhanced technologies to elevate clinician and patient satisfaction. The user-directed ergonomic design is ideal for daily use, enabling clinicians to capture premium images without sacrificing comfort.

A System That Moves with You

With a customizable gesture-powered touchscreen, fully adjustable automated control panel, and articulating monitor, the Resona 7 Platinum System enables intuitive and ergonomic workflow to keep up with clinicians on their busiest days.

Personalized Experience

- 6-way adjustable floating control panel
- 13.3" anti-glare touch panel interface

Easy Mobility

- Lightweight system for optimal mobility
- On-board lithium-ion battery

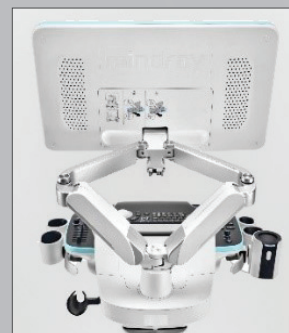

Enhanced Workflow

- Protocol-driven workflow solutions
- Robust on-board reporting tools

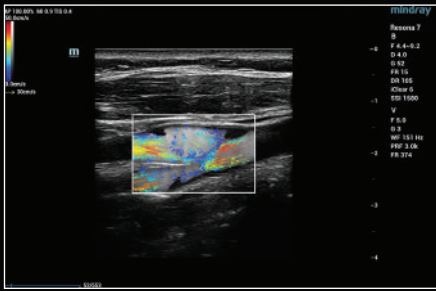

Smart Design

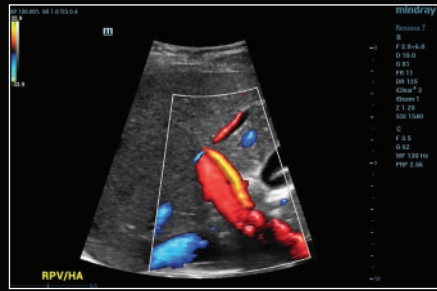

- 23.8" high-resolution LED monitor
- Dual-wing monitor arm

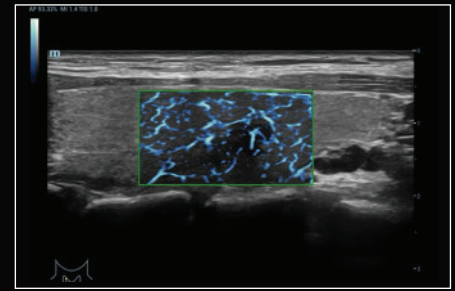

A New Level of Image Clarity

V Flow™ Imaging of the Carotid Bifurcation

Glazing Flow of the Hepatic Artery

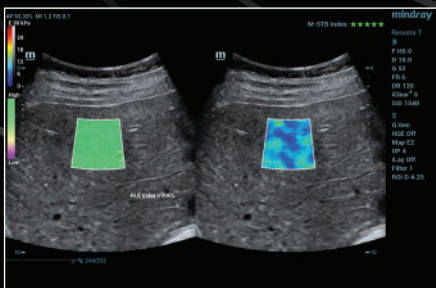

Ultra-Micro Angiography (sUMA) of Thyroid Carcinoma

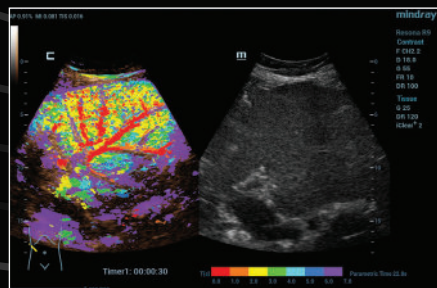

2D Liver and Portal Vein

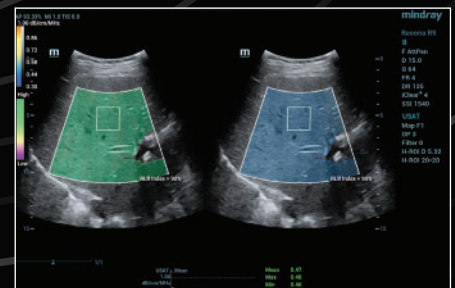

4D Fetal Face

High Frame Rate Sound Touch Elastography (HiFR STE)

CEUS Chrono-Parametric Mode (CCPM) of the Liver

Ultrasound Attenuation Imaging (USAT)

Platinum Durability for Peace of Mind

The Industry's Best Investment Protection and Total Cost of Ownership

Living Technology

Living Technology™ is a continually evolving software-based approach to providing our customers with easily upgradeable enhancements made possible by our core imaging technologies. These upgrades secure product investment protection by ensuring that Mindray Ultrasound Systems remain at the cutting-edge of imaging performance throughout their entire life cycle.

Standard warranty* includes:

Five-years of coverage for:

- Main system and parts, and technical phone support Monday-Friday, 8 am–8 pm ET (excluding U.S. holidays)
- Standard transducers (normal wear and failure)
- Software performance updates with Living Technology

One-year of coverage for:

- Specialty transducers including, but not limited to, TEE and 4D transducers

* Standard five (5) year warranty is available for systems purchased directly from Mindray North America. Warranties for systems purchased from Mindray authorized agents can vary.

A Partnership That Fits Your Needs

As the healthcare industry continues to evolve and adapt to unpredictable disruptions, the need for a true, collaborative, long-term partner is greater than ever. At Mindray, we believe in cultivating a well-rounded partnership to fit all your needs during every step of the journey. Our partners are guaranteed:

- Comprehensive clinical support and education
- Service support with the Mindray CARE Team
- Extended technical phone support
- Robust financing options that meet a variety of needs
